'DOG'S PAWS' ! Dog/Puppy Adoption Sponsorship

Your \$195 sponsorship will be used towards sheltering & continuing care of an animal while they are waiting to be adopted. Your sponsorship means you have provided the animal with a healthy start in their new home including vaccinations, deworming, flea treatment, ear cleaning, nail clipping and an Adoption Kit for their new owner. In addition, your donation ensures the animal is micro-chipped so the owner can be quickly found should they get lost! Your sponsorship includes the Adoption Fee & your donation enables us to promote an animal with its adoption fee already paid. Your name will be posted to show that you are the generous Restigouche County SPCA supporter who is sponsoring the shelter & re-homing of the animal you have chosen, by making it easier for a qualified adopter to take a shelter animal home! You will be provided with a notification when the animal is re-homed successfully!

**all interested adopters will have to complete the usual adoption application to ensure they are qualified.*
